PUBLIC NOTICE

PUBLIC SERVICE
COMMISSION

On November 2, 1994, Kentucky CGSA, Inc. applied to the Public Service Commission of Kentucky for a Certificate of Public Convenience and Necessity to construct and operate an additional Cell Site for the Utility's domestic public cellular radio telecommunications service to the public in Louisville, Jefferson, Kentucky, for the Louisville, Kentucky Metropolitan Statistical Area. The facility will include a 120' monopole tower with an allowance for nine (9) antennas for a total height of 129' to be located at 2213 South Preston Street, Louisville, Kentucky 40205, as shown on the map attached hereto.

The Commission invites your comments regarding the Utility's application. Also, the Commission wants you to be aware of your right to intervene in this matter. That right must be exercised within twenty (20) days of the date you receive this notice. Your comments and requests for intervention should be addressed to:

Executive Director's Office

I was too hasty in sending back my response wherein I had some reservations but, basically, said the tower would be okay.

I rescind that statement! I have since found out exactly what it entails and it would definitely be an eyesore and I certainly DO NOT want to be subject to the radiation it will emit.....as near as it would be to my home.

I DEFINITELY OPPOSE THE ERECTION OF THIS TOWER.

Dear Sirs

I am writing to ask that you not grant a Certificate of Public Convenience and Necessity to Kentucky CGSA, Inc. to construct a Cell Site at 2213 S Preston in Louisville. Case No. 94-411.

This neighborhood is not an industrial park and the construction of a large ugly antenna would greatly reduced the quality of life enjoyed by my neighbors and me. It would also reduce property values and rob us of what we have worked for.

Additional concerns of mine are the possible health risks involved in living close to such a powerful electromagnetic emitter. I don't want my health put at risk by Kentucky CGSA, Inc.

Thank you,

Richard T Logsdon

RE: Case No. 94-411

We are requesting an intervention of constructing a 120 foot monopole tower at 2213 South Preston.

We feel that it does not promote a healthy environment. Germantown is now a young and growing neighborhood. To have a tower at that location could be detrimental to the continued growth of this area.

We also feel that having a tower built would affect the resale value of our property.

Please let us know what further action we must take to stop the construction of the tower.
